To : Whom It May Concern

Subject: Statement of Compliance of REACH Regulation

Reference: Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

Datatronic will not intentionally incorporate SVHC onto the products and our products do not release chemicals during the normal course of operations. Therefore, Datatronic is not required to "register" any compounds along with REACH Regulation.

Moreover, we certify that to the best of our knowledge Datatronic Limited and its suppliers have supplied only materials that do not intentionally contain 144 substances in the Candidate List of Substances of Very High Concern (SVHC) published by European Chemicals Agency (ECHA) with the latest updated issued on June, 2013. Upon request, we may request from suppliers the REACH status of raw materials on our products, whether they can declare by weight% or if they're intentionally added.

Best regards,
